Blastsafe™ ULTRA

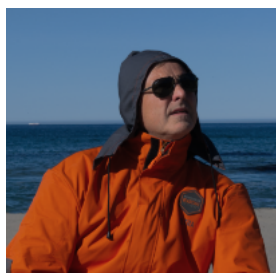

Based on our long-term proven BlastSafe "Source" protection suit. We have refined the design and functionality into a new high-end technical safety suit created for Blasterheroes. With recoil absorbing inlays, rigid/ flame retardant fabrics, high-comfort sport cuffs and breathable back panel.

«ULTRA» is tested and CE approved according to:

EN ISO 14877 Protective clothing for abrasive blasting operations using granular abrasives.

The suit is extremely strong and durable.

This is the suit of the future!
